

July 2020

This report provides an update and status of the major initiatives of the 2020 - 2025 Strategic Plan. The report lists every goal, objective, and associated tasks with the initiative. Each objective has a status report and a comment section. In addition, each objective has an assigned staff member/or division that is responsible for that specific focus area. The report will be published semi-annually or as requested by the Fire Chief or Board of Governance.

To monitor the progress of each initiative, we have created four status report levels for each objective. The following color and explanation define the status level:

On-going: Represents an objective that will be continually worked on.

In progress: Represents an objective that is actively being worked on.

Deferred: Represents an objective that is not currently being worked on.

Completed: Represents an objective that has been achieved.

In summary, the following strategic initiatives were identified by external and internal stakeholders as the foundation for the development of goals and objectives:

Initiative #1 - Accreditation

The VRFA will strive to implement the goals and objectives of the strategic plan over the next five years and become an accreditated agency.

Initiative #2 - Capital Facilities Plan

The VRFA will develop and implement a plan for capital facilities and equipment for future growth and improvement.

Initiative #3 - Staffing

The VRFA will examine current staffing levels, models and procedures, and identifying areas for improvement.

Initiative #4 - Mentorship

The VRFA will ensure the enduring success of the agency and its staff through sustainable internal mentorship.

Initiative #5 - Communication

The VRFA will examine both internal and external communication processes for service gaps and areas for improvement.
